Art Village | residency call

 akiyoshidaiFBpic

Akiyoshidai International Art Village (AIAV), Japan - open call for trans_ Residence Support Program for 2 month residencies, early 2016. **Theme: 'The Features of This Land'**

Deadline: 31 July (JST)

The prefix 'trans' means to go beyond, get across, cross, exchange, change and convert. The Residence Support Program provides a time and place for artists to experience new encounters and carry out experiments to guide their future projects. Participating artists are expected to bring new ideas to the local culture and people while they, in turn, will hopefully acquire new perspectives through these fresh encounters. As a result of the residence program, the artists will convey their new experiences, gathered from the local lifestyle and our particular geographic situation, to their next destination. We hope that the residence program at Akiyoshidai International Art Village becomes a space for artists to go beyond cultural borders and expand their outlooks, exchange their unique understandings and establish relationships with fellow artists.
