Deadline: 30 June 2015

The 11th Angkor Photo Festival & Workshops has opened our Call For Applications to seek participants for our tuition-free professional workshops programme.

The Angkor Photo Workshops is an annual tuition-free professional workshop aimed at nurturing emerging talent from Asia. Each year, 30 participants are selected from across the region to join us in Siem Reap, Cambodia, where they are provided first-hand training and invaluable one-on-one guidance by international professional photographers.

Participants are expected to complete one photo story during the workshops, and will be guided by their tutors through all stages – from conceptualizing and forming story ideas, to improving their photography technique, and the final, important step of picture editing. We believe in diversity and originality, and we want you to develop your own unique photographic style and vision as you hone your visual storytelling skills.

ELIGIBILITY: the workshops are open to photographers of all Asian nationalities, with no age restrictions.

Created in 2005, the annual **Angkor Photo Workshops** is a **free, high-quality, professional photography workshop** held in Siem Reap, Cambodia. Since its inception, more than **200 photographers** from all over Asia have participated in the workshops, which is conducted by **international professional photographers** who volunteer their time.
