The Asia International Film Week is calling for international and Asian films to be screened in Thailand, Singapore, China and beyond from 20 to 26 May 2024.

The Asia International Film Week event aims to **promote cultural exchanges between Asian countries through film screenings**. The event helps films that are about to enter the market, to provide the most complete Asia distribution channels and global distribution network. With the joint assistance of the **alliance and companies involved in Japan, Korea, Thailand, Singapore, China and other regions**, it provides Asia film market services for hundreds of films.

Asia International Film Week will select **Asia and International projects that have been completed** (ready to be presented or in post-production) after 2019 in the following categories:

- International and Asia Fiction Feature Films (over 60 minutes)
- International and Asia Fiction Short Films (up to 40 minutes)
- Documentary Films (both feature and short length)
- Series (Web and Television)

Selected projects will be presented exclusively to international programmers, sales companies, broadcasters, distributors, exhibitors, and talent agents.
