for curators

Art Affairs and Documents Foundation, Goethe-Institut Bulgaria and Credo Bonum Gallery are pleased to announce the launch of CLICK – an international residency programme for curators. The programme provides 5-weeks-long residency in the city of Sofia to emerging curators. The residency covers accommodation, a fee and budget for the production of an exhibition or other curatorial project. Furthermore, the programme offers meetings with artists and curators in Sofia, studio visits, and assistance with research and production of final projects.

The first edition of the programme takes place in the context of the Bulgarian Presidency of the Council of the EU during the first half of 2018. The political event of the Presidency is also an important impulse for the art scene. It is an occasion for a diverse programme of cultural events in Sofia which aims to present and promote Bulgarian art, as well as to put it in dialogue with other cultures across Europe. Participants in the CLICK programme will not only have the opportunity to experience this extraordinary period for the Bulgarian art scene, but also to actively take part in it by curating an exhibition or another curatorial project which will be included in the official cultural collateral program of the Presidency.

Furthermore, the residency aims at creating a network and offering the possibility for new encounters and professional contacts which will eventually lead to future collaborations between international and Bulgarian curators and artists.

THE PROGRAMME PROVIDES

- accommodation for 5 weeks in a separate studio apartment in the very heart of the city of Sofia

- the schedule of the residency is flexible: selected curators can spend the 5 weeks in Sofia as a single uninterrupted stay, or travel twice: a research period followed by a separate trip for the realization of the final project.
- fee of 400 EUR
- production budget of 600 EUR for an exhibition or other curatorial final project
- exhibition/event space(s) - Credo Bonum Gallery and the gallery of Goethe-Institut Bulgaria (+ technical equipment)
- organised program of meetings with Bulgarian curators and artists, visits in galleries and institutions, studio visits
- assistance for research, production etc.
- travel costs are NOT covered, but the organisers can provide a recommendation letter in case the residents apply for external funding for covering their travel costs.
- Selected curators should take care of health and travel insurances by themselves.
- In 2018 the programme provides residencies to two curators selected after the open call.
