Human-Nature Delegation to Malaysia

The British Council is calling for seven UK artists, art organisation representatives, curators, art tech creatives or producers to be part of a delegation visiting Kuala Lumpur, Sabah and Sarawak (Borneo States) from 29 February to 10 March 2024.

The British Council has launched the new global programme **Culture Responds to Global Challenges**. Its climate change strand aims to enable artists to tell the climate change story and improve practices in arts and cultural organisations. In Malaysia the British Council will run **Human-Nature**, a 3-year programme of collaborations and partnerships between the UK and Malaysia to integrate the arts, artists, culture, and cultural rights into climate efforts.

The delegation will be a **curated study tour to enable UK delegates** to better understand Malaysia's:

- Cultural and bio diversities, and more specifically its communities, their practices and knowledge.
- Impacts and issues, challenges, needs and opportunities caused by climate change.
- Stakeholders who work at the intersection of arts and climate in Malaysia.

Applications must be made by **UK artists, curators, creative producers, creative technologists and cultural organisation representatives** who are based/living in the United Kingdom.

What is provided

- Return Economy flights

- Hotel accommodation
- Selected working lunches and dinners
- Local transport in Malaysia
- A grant of **1,200 GBP** as honorarium/per-diem to cover meals and time during the delegation
