# SVENSK MUSIK

Svensk Musik makes it possible to deposit, purchase and hire copyright protected music.

In their collection there is chamber music, solo concerts, symphonies, solo songs, choir, operas, EAM among other works by contemporary composers. And an extensive digitising is being done of the Popular Music Archive which contains thousands of music scores and arrangements of popular genres.

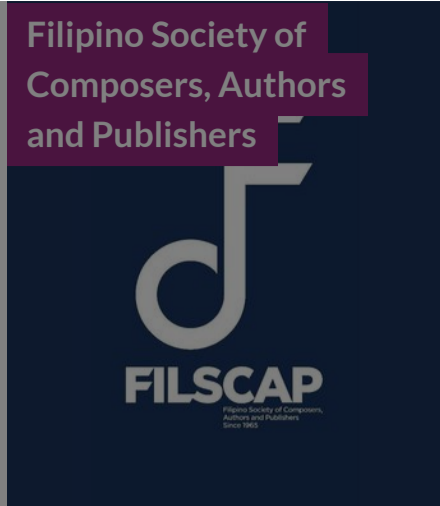

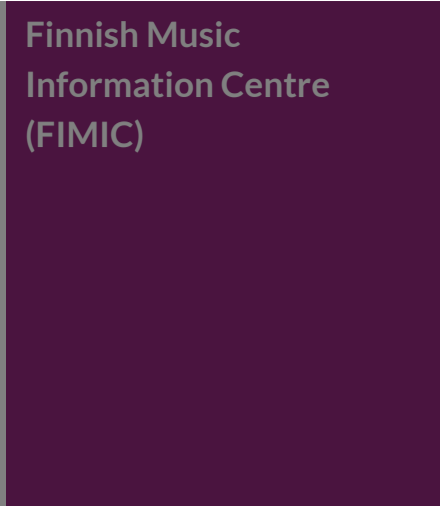

Svensk Musik is a subsidiary to STIM, the organisation of copyright protected music for songwriters, composers, text authors and music publishers worldwide. Their office administrates **travel grants and awards** to STIM affiliates. Svensk Musik is grateful to STIM and the Swedish Arts Council for invaluable support to the benefit of the cultural music heritage.
