develops exchanges between Czech Republic and Asia

PerformCzech
ProVisits: ASIA

ASEF Culture is collaborating with the **Arts and Theatre Institute (ATI)** and **PerformCzech** in Prague, Czech Republic, to develop **exchanges of performing arts professionals between the Czech Republic and Asia**. Thanks to the "ProVisit" programme funded through a grant from the EU and the Czech Ministry of Culture, ATI will support networking visits of arts professionals to Asian platforms throughout 2023, with the aim of stimulating international cooperation, professional growth and development between the two regions.

The participants will be selected through **open calls** and will be divided in small groups. The art professionals will **travel to Asia to attend festivals/events/platforms and meet with**

practitioners and organisations, an occasion of exchange and capacity building.

PerformCzech is an information portal for performing arts professionals coordinated by the Department of International Cooperation of the Arts and Theatre Institute (ATI). **PerformCzech provides a range of activities related to the internationalisation of the Czech performing arts scene:** theatre, dance, contemporary circus and multidisciplinary projects. The programme aims to:

- Initiate and participate in projects, platforms and activities that link the Czech performing arts scene with artists, networks and organisations abroad
- Support the professional growth and internationalisation of Czech professionals in performing arts
- Provide a home base of Czech Centres of international non-governmental theatre organisations such as AICT, ASSITEJ, ITI, OISTAT and UNIMA, and members of international networks

Arts professionals from different sectors have been selected to attend events in Asia.
