Cinema Today- CGI VFX Expo 2011

About Expo

India is the largest film producing

country & the second fastest growing economy in the world. Opportunities in India in film, television, radio and new media

(technologies like 3D, IPTV, Ultra-HD) are growing. The Indian media and entertainment industry is going through a metamorphosis due to the digitization of content and delivery platforms. With experts predicting that India would emerge the least affected among the countries of the world from the current economic crisis and the sheer size of the market in India make it the place to watch out for in the days to come.

Cinema Today ASIA

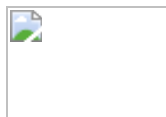

The 5th edition of Cinema Today, the only kind of its exhibition for the Complete Cinema, Television & Entertainment industry, is scheduled for 29, 30 & 31 July 2011 at Chennai Trade Centre, CHENNAI. With the ardent support of the film industry related associations, exhibitors & trade visitors, the show has grown in strength with each passing year to become one of the top events of its kind in the industry

The Expo is a unique business, networking, partnership building and marketing proposition which will throw light on impact of latest technology.
