Common Sense and The Community - culture and SDGs webinar

Common Sense and The Community is a free online webinar (9–10 March) focused on the potential for cultural practices and the creative economy to shape a greener, fairer, safer, more inclusive world. The event is organised by the British Council, in association with the UK National Commission for UNESCO and the Culture Committee of United Cities and Local Governments (UCLG).

The webinar is part of The Missing Pillar Talks series, a global programme of virtual talks, films, performances and discussions that look at culture's

contribution to the UN Agenda 2030 and the Sustainable Development Goals, including People, Planet, Prosperity, Peace and Partnerships.

In this webinar, over two half days, participants will look at how culture can inspire us, change our way of thinking and bring us together.

Registration and programme

All live sessions are available in English, French, Arabic and Spanish and British Sign Language interpreted.
