ISEA 2019 - registration open

Registration has opened for ISEA 2019, the International Symposium on Electronic Art, taking place in Gwangju, Korea June 22-28, 2019.

Looking for a getaway to where scholarly, artistic and scientific domains in an interdisciplinary discussion will take place with a showcase of creative productions applying new technologies in art, interactivity, and electronic and digital media?

ISEA2019, 25th International Symposium on Electronic Art will be held in Gwangju (Korea), from 22 to 28 June 2019 at Asia Culture Center (ACC).

For ISEA2019, under the theme Lux Aeterna, a topic inspired by a literal meaning of the host city Gwangju, “City of Light”, it is planned to include subcategories embracing complex themes that allow open interpretations in culture, science, and history.

Earlybird rates apply until 30 April

The series of ISEA symposia is coordinated by ISEA International. Founded in the Netherlands in 1990, ISEA International (formerly Inter-Society for

the Electronic Arts) is an international non-profit organization fostering interdisciplinary academic discourse and exchange among culturally diverse organizations and individuals working with art, science and technology. ISEA International Headquarters is supported by the University of Brighton (UK).
