27 MAY 2019 - 29 MAY 2019

### We Are Museums 2019 | Poland

The Muzeum Śląskie in

Katowice, Poland, will host **We Are Museums 2019**, this year's edition of the We Are Museums event series on **museums, innovation and social purpose** projects. We Are Museums 2019 will be held in **Katowice on 27-29 May**. The main points of focus this year are '**Local Love**', '**Museum for Good**' and '**Entrepreneurship Museum**', and major conversations will revolve around the '**MuseumHood**': how museums create a neighbourhood and impact social change and a brotherhood always ready to support and take action. With responsive and significant new roles opening up for museums in society, We Are Museums 2019 aims to **align museums as places of inclusive growth and sustainable development**, where the social and environmental impact they make are the primary metrics. Museum professionals share a responsibility for the future of the communities they work in, as well as for the planet. And as trusted institutions with a clearly-defined purpose, **museums are transformative tools and significant civic resources**. In the context of the conference, the '**Tech Loves Culture**' event will take place, as a meeting place between professionals from culture and technology who want to start working together and jump into the next steps faster.
