Programme

Fixing what's broken.
Together.

Allianz Foundation is calling for cooperative initiatives from Europe and the Mediterranean region that stand for solidarity, a sense of community, and respect for their 2024 grant programme.

Allianz Foundation is looking for applications from the fields of **European civil society, arts and culture as well as climate and the environment** that:

- are realised by **at least two equal partners**,
- take a systemic view of areas of action, go beyond mere problem analysis and look for solutions with a leverage effect,
- develop a sustainable vision going beyond the immediate time scope of the project,
- **transcend national borders** and have strong local roots,
- use natural resources in an economic way and pursue sustainable formats and strategies.

What is offered

Grants are between **80,000 and 225,000 EUR per project**, for a maximum duration of **24 months**. Earliest starting date is 1 August 2024.

Up to **20% of the total project amount can be administrative costs** (to recognise the importance of indirect costs for sustainable, structural civil society work).
