Asia Art Archive | Programme Manager job

 Asia Art Archive, a leading public resource for the field of contemporary art in Asia and an active platform for programmes and new thinking, based in Hong Kong, seeks an accomplished professional to

develop and oversee public programmes for the organisation.

The individual will work closely with the Head of Research & Programmes and across the Archive's departments to conceptualise, develop and oversee the delivery of a range of programmes to the public: including talks, workshops, symposia, film screenings, artist residencies and participation in wider platforms (e.g. art fairs and collaborative conferences).

Reflecting its belief in the role of the Archive as a catalyst for knowledge production around contemporary art in the region, AAA is focused on activating its growing digital collection and connecting with other knowledge networks and platforms. The Programme Manager will work to develop programmes that draw lines of enquiry out from the Archive's projects and collections, and open up dialogues with multiple audiences.

See [website](#) for details of **core duties and responsibilities** and the ideal **candidate profile**.

To apply, please send a cover letter and resume with expected salary, as well as two professional references to work@aaa.org.hk.

Closing date for applications: July 5 2013

Only short-listed applicants will be contacted.
