BeFantastic Within: AI and performing arts fellowship

The poster features a central image of a person in a dynamic pose, overlaid with a blue wireframe grid. The text 'BEFANTASTIC WITHIN' is prominently displayed in large yellow letters. Below it, 'AI + PERFORMING ARTS FELLOWSHIP' is written in white. A yellow banner at the bottom of the central image says 'APPLY NOW! BY 15TH APRIL '22' and 'BEFANTASTIC.IN'. To the right, a vertical banner reads 'OPEN CALL' in large white letters, with a smaller banner above it listing 'INDIA UK GERMANY'. At the bottom, a row of logos includes 'PARTNERS' (BeFantastic, Future Everything, stem dance kampni) and 'SUPPORTERS' (British Council, Goethe Institut).

Call for movement artists, performers, creative technologists, filmmakers or photographers who are interested in how AI and performing arts can come together to amplify the call to climate action.

The **BeFantastic Within Fellowship** is an online programme that fosters international collaborations in which the three selected participants have the chance to be awarded funding to develop and present the piece to an audience at FutureFantastic, an AI-Art festival in Bengaluru (India) in March 2023.

This fellowship enables artistic development, creative exchange and collaboration between emerging and established visual and performing artists, focussing on ideas around interconnectedness, climate emergency and the role of art and digital innovation.

The programme includes:

- **Facetime with experts in the field:** workshops offered by five mentors representing cutting edge practice from India, UK and Germany.
- **Collaboration with a creative network:** a network of up to 25 international professionals from India, UK and Germany with an invitation to collaborate and propose interdisciplinary project ideas.
- **Knowledge sharing:** access to lectures, workshops, peer discussions and resource packs dealing with the intricacies of performing arts, AI and art, and the nuances of climate change.
- **An opportunity to pitch for a production grant:** while BeFantastic are unable to offer participants a fee to attend a 3-week networking and knowledge sharing session (16 May – 3 June 2022), selected participants have the opportunity to bid for a project idea with international collaborators in response to the curatorial brief.

The three selected proposals will receive:

- Mentorship in cutting edge practices.
- Funding to develop an AI enabled performance art piece to be showcased at the FutureFantastic Festival, Bengaluru, March 2023.

Who can apply?

- Movement artists, performers, choreographers and creative directors based in India
- Creative technologists from India, UK or Germany
- Filmmakers and photographers from India, UK or Germany
