# Connections Through Culture Grant Programme 2023

The British Council is calling for applications from artists and cultural organisations for their 2023 Connections Through Culture grants programme, which supports new cultural collaborations between East Asia and the UK.

The **Connections Through Culture grants help artists and cultural organisations to bring their ideas to life** – with projects eligible at any stage of development and across artforms. The collaborative projects can include digital, face-to-face, and/or hybrid artistic projects.

The programme accepts proposals of all artforms, and encourages proposals that respond to the following priority themes of:

- Diversity and Inclusion
- Climate Change

The grant should be used to **support the process to develop new projects with artistic expression or creativity at the core** and that will result in collaborative activities including artistic and creative exchange of either skills, knowledge and practice or the co-production towards new artistic and creative content.

Various approaches can be employed such as **art residencies, exhibitions, performances and showcases, publications, webinars, and conferences**, among others.

## Eligible countries
