Asian Arts Residency 2019

Rimbun Dahan is inviting applications for the [Southeast Asian Arts Residency](#) for 2019 for artists from Southeast Asia. Artists who are NOT from Southeast Asia may apply to our [Open Residency](#) program which has rolling applications.

Rimbun Dahan is committed to investing in emerging/developing artistic talents in the region and furthering artistic exchange with our neighbours. We invite visual artists (of all disciplines), writers, arts managers, and researchers/curators from Southeast Asian countries to submit applications for residencies in 2019.

Residencies can be minimum 1 month and maximum 3 months*. Spots will be limited as we are on a set budget for these residencies. Generally it is difficult to secure more than 30 days for a residency due to immigration restrictions over which we have no control; however for strong

applicants we would consider staggering a residency for a longer period. However, the artist is responsible for air fares and immigration compliance. It is best to plan ahead with our confirmation about longer periods.

All applications must be received by Monday, 1 October 2018.
