Paris | ISEA2023 call for proposals

ISEA2023 invites artists, designers, academics, researchers, innovators, and creators to submit a proposal on the theme "Symbiosis" for the 28th International Symposium on Electronic Art, to be held in Paris, France, 16–21 May 2023.

ISEA is one of the world's most prominent **international arts and technology events**, bringing together scholarly, artistic, and scientific domains in an interdisciplinary discussion and showcase of creative productions applying new technologies in **art, interactivity, and electronic and digital media**.

ISEA2023 is **trans-disciplinary** (including visual arts, theatre, music, design, cinema, sociology, philosophy, economics, engineering, mathematics, biology, and more) and **inter-sectorial** (concerning the arts, creatives industries, research, and citizenship more widely).

The sub-themes of the conference are:

- Symbiotic Individuations: The planet's next inhabitants trans-humanism
- Symbiotic Organisations: New alliances
- Symbiotic Imaginaries: Inventing world

In an era of global crisis—ecologic and economic; sanitary and socio-political—symbiosis is a notion that allows the exploration of the metamorphoses afoot and to imagine possible futures.

ISEA invites submissions in the following categories:

- Full papers
- Short papers
- Panel and roundtable discussions
- Posters/Demos
- Institutional Presentations
- Workshops/Tutorials
- Artist talks/Work-In-Progress presentations
