Gasworks is offering a fully funded eleven-week residency in London from 7 April to 23 June 2026 for an early-career artist based in Indonesia. The open call aims to support professional development, cultural exchange and artistic experimentation.

The residency is **self-led, non-prescriptive and process-based**, enabling the selected artist to research and develop new work, engage with the city of London, and build their networks. Administrative, pastoral and curatorial support will be provided throughout.

The opportunity supports **research, development of new work, engagement with the London art scene, and networking**. It includes studio visits, an Open Studio event, visibility via a dedicated residency page, and a video interview.

Eligibility criteria

Applicants must be **early-career contemporary visual artists based in Indonesia**. They must have at least a moderate level of spoken English. Priority will be given to those who have not had the opportunity to work in London before. Collectives or duos are not accepted; partners or children cannot be accommodated. Accessible accommodation can be arranged if required.

The residency offers:

- A private studio at Gasworks
- Accommodation in the Residency House
- Return economy flights and airport transfers
