ArtScience Museum, Singapore

The

world's first **ArtScience Museum** is a Museum of Creativity, where the **creative processes at the heart of art and science and their role in shaping society are explored**. As a study of the creative processes that underlie the human experience, the ArtScience Museum at Marina Bay Sands **seeks to understand what drives creative people**, how they acquire their skills and how they work. The museum presents **exhibitions and programmes to deliver these stories using a combination of beautiful design, intriguing content and intellectual discussion**, in order to inspire the creativity in all of us. Featuring **21 gallery spaces totalling 50,000 square feet**, the boldly iconic lotus-inspired ArtScience Museum is also the premier venue for **major international touring exhibitions** from the most renowned collections in the world. Since it opened in 2011, the ArtScience Museum has been home to some of the best-attended exhibitions in Singapore, including "Titanic: The Artifact Exhibition", "Harry Potter: The Exhibition", "Andy Warhol: 15 Minutes Eternal", "Dali: Mind of a Genius" and "Van Gogh Alive".
