Biennale Jogja

Biennale Jogja is an international biennale focusing on fine arts, held every two years since 1988. Since 2011, Biennale Jogja works around Equator 23.27 degrees North Latitude and South Latitude. Biennale Jogja develops a new perspective that also opens itself to confrontation over the 'establishment' or conventions over similar events. The equator is the point of departure and will be a common platform for 're-reading' the world. Biennale Jogja is organised by Yayasan Biennale Yogyakarta (YBY). YBY also held the Equator Symposium which was held in the same year as the Biennale Jogja.
