Bonn Phum

Bonn Phum aims to connect and unite Cambodian people through Khmer arts and to promote our arts to local and international audiences.

They collaborate with other organisations to create a place where a variety of Khmer arts forms can be found and experienced, mostly those that are almost wiped out from the memories of the Cambodians

especially from our new generation. They aim to bring old art forms back to life and to support Khmer artists financially and mentally. Hence, they believe that the activities they take will create a sense of value and understanding of what it means to be Khmer.
