### Cattleya S.r.l.

Cattleya's goal is to achieve and maintain an annual level of production of six to eight new film and television projects featuring the company's unique blend of attention to quality and broad public appeal. The company, therefore, has consolidated and reinforced its television production department, which is under the management of Maurizio Tini, who, with his depth of experience as an independent television producer, shall enrich Cattleya's profile in this sector.

In addition to affirming its role as a strategic partner to the principal Italian distributors and networks – namely Medusa Film, Rai Cinema and Mediaset – and as a further and fundamental step towards achieving its goals, Cattleya is also particularly focused on productions with international appeal.
