Copenhagen Contemporary (CC) is Copenhagen's international art centre showing installation art created by world stars and new emerging talents.

CC occupies the former B&W welding hall, remodelled by architect Dorthe Mandrup, offering a total of 7,000 m2 of beautiful industrial halls with plenty of space to show the technical and large formats in which many contemporary artists work: total installations, performance art, and monumental video works. Art that can often be entered and sensed with the whole body.
