# Earthwise

The logo for Earthwise features the brand name in a large, bold, black sans-serif font. Below the text, there are six horizontal bars of varying lengths and colors, arranged in a staggered pattern. The colors include shades of brown, olive green, and dark green.

Earthwise is in the middle of Mols Bjerge National Park in Denmark. Earthwise Residency is comprised of two properties and 13 hectares of land: a farm from the 18th century and a house from 1963. Care is a core value for all practices in and around Earthwise and the residency strives for sustainable solutions and reuse in all aspects of taking care of the house.

Earthwise Residency has grown out of the Aarhus-based theatre company Secret Hotel's work. Secret Hotel **creates participatory events and performances** which are sensorial and at the same time intellectually stimulating. The work seeks to **heighten the human awareness of our surroundings and our relations with the more-than-human**.
