Equity

Equity is the **UK trade union for professional performers and creative practitioners**. As a leading industry organisation, Equity is known and respected nationally and internationally for the work they do with, and on behalf of, their members working across all areas of the entertainment industry.

Equity members form a cultural community that is of major importance to the UK in artistic, social and economic terms and Equity works to support them by **negotiating their terms and conditions including fee structures** with all kinds of employers and employer's groups. Their 5,000 Student Members are also able to access information and advice to help prepare them for work in the industry.

The central activity of Equity is **to negotiate minimum terms and conditions of employment throughout the entire world of entertainment and to endeavour to ensure these take account of social, economic and technological changes**. They also work at an **international level through the Federation of International Artists** which Equity helped to establish, the International Committee for Artistic Freedom and through agreements with sister unions overseas.
