Eurozine

Eurozine is a network of **European cultural journals**, linking up more than 75 partner journals and just as many associated magazines and institutions from nearly all European countries. Eurozine is also a netmagazine which publishes articles from its partner journals with additional translations into one of the major European languages.

By providing a Europe-wide overview of current themes and discussions, Eurozine offers a rich source of information for an international readership and **facilitates communication and exchange between the journals themselves**. By presenting the best articles from its partners and their countries, as well as original texts on the most pressing issues of our times, Eurozine opens up a new space for transnational debate.

Eurozine is a non-profit institution, with an editorial office based in Vienna. The Editorial Board, composed of the editors of 4 European cultural journals, and the Advisory Board play an important role in guiding and advising the Eurozine editors.
