### jmEvents

jmEvents organises a series of events for companies and the general public: communication and entertainment events, seminars, launching events, thematic parties, team building, concerts, festivals, competitions, gala events, jam sessions, workshops, summer music academies, master-classes, and tours.

One of the most renowned professional organisations in the **musical and event organising fields**, with 30 years of experience on the **international and national level**, jmEvents brought that plus of professionalism that was needed in the showbiz and event-planning market in Romania.

The clients' desires, live quality music, special ambiance and high visibility are just a few of the ingredients that are necessary for the success of an event. Creativity, experience, flexibility and the joy of bringing people together mean added image and value to each company.

jmEvents.ro is a non-governmental, non-profit organisation, which activates in the cultural field.
