Malta Film Commission

The **Malta Film Commission** was set up in 2000 with the dual aim of supporting the local filmmaking community, while at the same time strengthening the film servicing sector. Over the past 17 years, the Film Commission's efforts to support the local film industry resulted in various financing incentives, including a financing incentive programme in 2005, the successful Malta Film Fund in 2008, and a Co-Production fund in 2014.

Since 2013, the implementation of new strategy has led to an unprecedented growth in the local industry, with over 50 productions filmed in Malta resulting in more than €200 million in foreign direct investment being injected into Malta's economy.

Malta's history as a destination for film production goes back 92 years, during which our islands have played host to some of the most high-profile productions to shoot out of Hollywood.

The Government of Malta has recently upgraded the **cash rebates for filmmakers** making the financial guidelines more attractive to the film industry. Productions which satisfy a cultural test can benefit from a rebate up to 25% of eligible expenditure with an additional 2% if the production features Malta culturally.

The **Malta Film Fund** provides **grants** under various categories for filmmakers, writers, developers producers and distributors.
