Fine Arts and Design University of Tasmania

The School of Creative Arts and Media at the University of Tasmania, offers students studies in **Architecture and Built Environments, Creative Arts and Health, Design, Fine Arts, Media and Communication, Music and Theatre and Performance.**

Art and design enable us to see and think in ways that everyday reality cannot. Students, teachers and researchers at the university are exploring new ideas, materials and technologies; connecting histories, communities and possibilities. It's all unfolding against a backdrop of Tasmania's vibrant creative scene. At the School of Creative Arts and Media, students will feel the "MONA effect" intensified (from the Tasmania-based institution MONA), with regular opportunities to engage and work with visiting artists commissioned by this game-changing institution. There is also more one-to-one time with expert staff who themselves are practising artists, drawn by Tasmania's groundswell of creativity and acclaimed cultural events. Students can connect to a global creative context, with opportunities available both in, and outside of Tasmania.
